91 Children Started School with a Smile!
August 2026 was a very special month for our foundation.
Thanks to our wonderful sponsors, **91 children were able to start the new school year with both required school uniforms and their school supplies!**

For many families, buying these items is a huge financial challenge.
Thanks to your kindness, these children could walk into their classrooms feeling proud, prepared, and ready to learn.
91 children, 91 opportunities, and so many happy smiles!

Christmas Food Baskets: A Little Extra Love
Christmas is getting closer, and we're busy preparing our annual Christmas food baskets. For many children, the meals they receive at school are the only proper meals they can count on. But when schools close for Christmas, those meals disappear too.
We would love to give these children and their families a little extra support during the holidays.

Would you like to help us fill their plates this Christmas?
US$30 provides a small Christmas food basket.
US$50 provides a large Christmas food basket.
Your donation means more than just food. It brings comfort, fewer worries, and a little Christmas happiness to a family in need.

You can donate securely through PayPal:

Together, we can turn empty plates into full little tummies this Christmas!

Coming Soon: Our Baby Shop in San Cristóbal!
Baby clothes, cribs, diapers, bottles, pacifiers, and other baby essentials are among the items we regularly receive. And we have some exciting news!
Around Christmas, we're planning to open our very own baby shop in San Cristóbal!
Dominican mothers from this poor area will be able to buy baby clothes and essential baby products for very small prices.

And the best part?
Every dollar earned goes straight back into the foundation, helping us support even more families.

Besides expanding our activities in San Cristóbal, we're also supporting a new project in San Pedro.

Here, Daniel is in charge to support a children's shelter with some help of Domino Foundation. We are happy to support this important initiative and look forward to sharing more about its progress.
